## *PLEDGE POLICIES*

*We are proud to be a Maine based company committed to the manufacturing of a state-of-the-art, patented product that is reliable, durable, and the most versatile AR platform on the market.*

*We maintain a superior level of integrity in interactions with business partners and associates. We provide work environments where our employees can meet their potential and thrive in an atmosphere of excellence.*

*To provide a pleasant, nurturing and growth oriented environment which encourages our employees to be highly productive and to grow personally and professionally.*

*To sustain our vision and mission by constantly seeking renewal via continuous education and learning, and the application of new technologies and best business practices.*

## INTRODUCING THE HYDRA

### 50 YEARS OF INNOVATIVE WEAPONS DEVELOPMENT

The HYDRA® MARCK-15 HYDRA is the most advanced Modular AR-15 on the planet! This Weapon System can adapt to multiple calibers without the use of any tools in just under two minutes per caliber. That's right! One Weapon...Multiple Calibers!!! The idea of quickly changing calibers on one weapon's platform almost doesn't sound possible. At HYDRA WEAPONRY, the possibilities are endless and with so many calibers at your fingertips to choose from! The HYDRA® Conversion Packages will give you the option to pick and choose your favorite caliber for your Hydra.

## **MARCK-15 HYDRA® .223 / 5.56MM W/ MLOK**

*The MARCK-15, also known as the “Hydra”, is the base system for everything associated with the Hydra® Modular Weapon System. This configuration of the Hydra is setup as a 5.56 x 45. It includes the Hydra® Modular Lower Receiver with an AR Magazine Well, an AR Magazine, the Hydra® Quick Change Barrel Upper Receiver (QCB-D), a 16-inch 5.56 Barrel with a Low-Profile Gas Block, underneath an 11.5” transformable handguard. A Hydra® Modified Bolt Carrier with a 5.56 Bolt and Firing Pin, the Hydra® D-Fender D-Ring for increased reliability, and a B5 systems stock and pistol grip. With this base rifle, you can purchase and utilize the rest of an ever-growing system including our various magazine wells and caliber conversion kits. To convert this system to another caliber, the most you will need to change is the barrel, bolt, and magazine well to the desired caliber. For some calibers, simply changing the barrel and bolt on this weapon will allow you to fire multiple calibers. This includes .350 Legend, 300 Blackout, .450 Bushmaster. This weapon system continues to grow and become the most versatile Black Rifle platform the industry has ever seen.*

## **MARCK-15 HYDRA® 7.62x39 W/ TRANFORMING HANDGUARD**

*This configuration of the Hydra is set up as a 7.62 x 39. It includes the Hydra® Modular Lower Receiver with a 7.62 x 39 (AK-47) Magazine Well, an AK Magazine, the Hydra® Quick Change Barrel Upper Receiver (QCB-D), a 16-inch 7.62 x 39 Barrel with a Low Profile Gas Block, and the Hydra® Modified Bolt Carrier with the MGI® Enhanced 7.62 x 39 Bolt and Firing Pin (EAK), the Hydra® D-Fender D-Ring for increased reliability, and a B5 systems stock and pistol grip. With this base rifle, you can purchase and utilize the rest of an ever-growing system including our various magazine wells and caliber conversions. To convert this system to another caliber, the most you will need to change is the barrel, bolt, and magazine well to the desired caliber. With caliber conversion kits readily available, this weapon system continues to grow and become the most versatile Black Rifle platform the industry has ever seen.*

**MARCK-15 HYDRA® 9MM H5  
MODULAR RIFLE (MP5)  
W/TRANSFORMING HANDGUARD**

*This configuration of the Hydra is set up as a 9mm that utilizes MP5 Style 9mm SMG magazines. It includes the Hydra® Modular Lower Receiver with a 9mm H5 Magazine Well, 9mm Colt Style Magazine, the Hydra® Quick Change Barrel Upper Receiver (QCB-D), the Hydra® 16-inch 9mm Blowback Barrel, a 9mm Blowback Bolt, and a B5 systems stock and pistol grip. With this base rifle, you can purchase and utilize the rest of an ever-growing system including our various magazine wells and caliber conversions. To convert this system to another caliber, the most you will need to change is the barrel, bolt and bolt carrier, and magazine well to the desired caliber. With caliber conversion kits readily available, this weapon system continues to grow and become the most versatile Black Rifle platform the industry has ever seen.*

## **MARCK-15 HYDRA® 9MM SMG-9C MODULAR RIFLE (COLT MAGS) W/TRANSFORMING HANGUARD**

*This configuration of the Hydra is set up as a 9mm that utilizes Colt Style 9mm SMG magazines. It includes the Hydra® Modular Lower Receiver with a 9mm SMG-9C Magazine Well, 9mm Colt Style Magazine, the Hydra® Quick Change Barrel Upper Receiver (QCB-D), the Hydra® 16-inch 9mm Blowback Barrel, a 9mm Blowback Bolt, and a B5 systems stock and pistol grip. With this base rifle, you can purchase and utilize the rest of an ever-growing system including our various magazine wells and caliber conversions. To convert this system to another caliber, the most you will need to change is the barrel, bolt and bolt carrier, and magazine well to the desired caliber. With caliber conversion kits readily available, this weapon system continues to grow and become the most versatile Black Rifle platform the industry has ever seen.*

# UPPER RECEIVERS

## *.300 BLACKOUT UPPER RECEIVER*

*The Complete Hydra® Upper Receiver Assembly chambered in .300 Blackout! We started from the Hydra® Quick Change Barrel Upper Receiver (QCB-D) and added a whole lot more. This Complete Upper Receiver includes a 16-inch .300 Blackout Barrel w/ Low Profile Gas Block in carbine length with Flash Hider, the Hydra® Modified Bolt Carrier with a 5.56 Bolt and Firing Pin and Charging Handle.*

## *COMPLETE HYDRA 5.56 UPPER RECEIVER*

*The Complete Hydra Upper Receiver Assembly chambered in 5.56x45! We started from the Hydra Quick Change Barrel Upper Receiver (QCB-D) and added a whole lot more. This Complete Upper Receiver includes a 16-inch 5.56x45 Barrel w/ Low Profile Gas Block in carbine length with Flash Hider, the Hydra Modified Bolt Carrier with a 5.56 Bolt and Firing Pin and Charging Handle.*

## *COMPLETE HYDRA AK-47 UPPER RECEIVER*

*The Complete Hydra Upper Receiver Assembly chambered in 7.62x39! We started from the Hydra Quick Change Barrel Upper Receiver (QCB-D) and added a whole lot more. This Complete Upper Receiver includes a 16-inch 7.62x39 Barrel with carbine length gas tube with Flash Hider, the Hydra Modified Bolt Carrier with the Hydra® Enhanced 7.62 x 39 Bolt and Firing Pin (EAK) and Charging Handle.*

# UPPER RECEIVERS

## COMPLETE HYDRA 9mm UPPER RECEIVER

*The Complete Hydra® Upper Receiver Assembly chambered in 9MM! We started from the Hydra® Quick Change Barrel Upper Receiver (QCB-D) and added a whole lot more. This Complete Upper Receiver includes a 16-inch .9mm Barrel w/ Low Profile Gas Block in carbine length with Flash Hider, the Hydra® Modified Bolt Carrier with a 9mm Bolt and Firing Pin and Charging Handle.*

# ***STRIPPED UPPER RECEIVERS***

## **HYDRA QUICK CHANGE BARREL UPPER RECEIVER FULL LENGTH TRANSFORMING HANDGUARD.**

## **HYDRA QUICK CHANGE BARREL UPPER RECEIVER SHORT LENGTH TRANSFORMING HANDGUARD**

*The Hydra Quick Change Barrel Upper Receiver (QCB-D) is completely compatible with your M16 (small front pin) lower receiver and allows the user to change barrels in just seconds. This allows the system to be extremely compact and concealable as well as giving the operator the option of having multiple barrels for multiple functions.*

*The best part of the Hydra Quick Change Barrel Upper Receiver is that it utilizes standard AR barrels. Take a close look at the Hydra Rifle, Pistol and Conversion Kit photos. You will see that the barrel is a standard AR barrel with the Delta Ring, barrel nut, sling swivel and front handguard keeper removed. That's right, you can use standard barrels just by removing the items mentioned above! The latest QCB-D model now is compatible with piston systems!!! The rails have also been changed to create fewer sharp edges against the shooter's hand as well as creating cleaner lines and appearance. This latest revision comes with multiple improvements such as Hard Coat Anodized Mil Spec Finish.*

*Changing calibers has never been made easier!*

# LOWER RECEIVERS

## COMPLETE HYDRA® MODULAR LOWER RECEIVER – (NO MAG WELL)

*Our Hydra® Complete Modular Lower without Magazine Well offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This Modular Lower Receiver includes the Complete Lower with a B5 Six Position Collapsible Stock with Buffer and Main Spring and Complete Fire Control Group (FCG) and B5 Pistol Grip. NO Magazine Well.*

## COMPLETE HYDRA® MODULAR LOWER RECEIVER W/ 5.56 MAG WELL

*This Hydra® Modular Lower comes complete with an AR Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This Modular Lower Receiver includes the Complete Lower with a Six Position B5 Collapsible Stock with Buffer and Main Spring, Complete Fire Control Group (FCG), B5 pistol grip and an AR Interchangeable Magazine Well.*

# LOWER RECEIVERS

## COMPLETE HYDRA® MODULAR LOWER RECEIVER W/ AK-47 MAG WELL

*This Hydra® Modular Lower comes complete with an AK-47 Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. For use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This Modular Lower Receiver includes the Complete Lower with a B5 Six Position Collapsible Stock with Buffer and Main Spring, Complete Fire Control Group (FCG), B5 Pistol Grip and an AK-47 Interchangeable Magazine Well.*

## COMPLETE HYDRA® MODULAR LOWER RECEIVER W/ H5 MAG WELL (MP5)

*This Hydra® Modular Lower comes complete with a 9mm H5 (MP5 Style) Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This Modular Lower Receiver includes the Complete Lower with a B5 Six Position Collapsible Stock with Buffer and Main Spring, Complete Fire Control Group (FCG), B5 Pistol Grip and a 9mm H5 (MP5 Style) Interchangeable Magazine Well.*

## LOWER RECEIVERS

### COMPLETE HYDRA® MODULAR LOWER RECEIVER W/ SMG-9C MAG WELL

*This Hydra® Modular Lower comes complete with a 9mm SMG-9C (Colt Style) Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This Modular Lower Receiver includes the Complete Lower with a B5 Six Position Collapsible Stock with Buffer and Main Spring, Complete Fire Control Group (FCG), B5 Pistol Grip and a 9mm SMG-9C (Colt Style) Interchangeable Magazine Well.*

## STRIPPED LOWER RECEIVERS

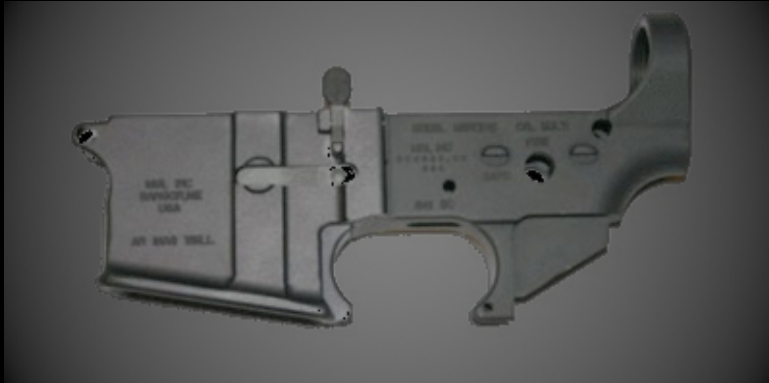

### HYDRA STRIPPED MODULAR LOWER RECEIVER ONLY

*Our Hydra Stripped Modular Lower offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This is a Stripped Modular Lower Receiver and ONLY includes the Lower Receiver itself.*

# STRIPPED LOWER RECEIVERS

## HYDRA MODULAR STRIPPED LOWER RECEIVER W/5.56 MAG WELL

*This Hydra Stripped Modular Lower comes with an AR Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Leaving it as a Stripped Lower allows any AR-15 Mil-Spec Stock and Fire Control Group (FCG) to make it complete. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This is a Stripped Modular Lower Receiver and only includes an AR Interchangeable Magazine Well.*

## HYDRA MODULAR STRIPPED LOWER RECEIVER W/SMG-9C MAG WELL

*This Hydra Stripped Modular Lower comes with a 9mm SMG-9C (Colt Style) Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Leaving it as a Stripped Lower allows any AR-15 Mil-Spec Stock and Fire Control Group (FCG) to make it complete. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This is a Stripped Modular Lower Receiver and only includes a 9mm SMG-9C (Colt Style) Interchangeable Magazine Well.*

# STRIPPED LOWER RECEIVERS

## HYDRA MODULAR STRIPPED LOWER RECEIVER W/H5 MAG WELL

*This Hydra Stripped Modular Lower comes with a 9mm SMG-H5(MP5 Style) Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Leaving it as a Stripped Lower allows any AR-15 Mil-Spec Stock and Fire Control Group (FCG) to make it complete. Ideally suited for use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This is a Stripped Modular Lower Receiver and only includes a 9mm SMG-9C (Colt Style) Interchangeable Magazine Well.*

## HYDRA MODULAR STRIPPED LOWER RECEIVER W/ AK-47 MAG WELL

*The Hydra Stripped Modular Lower comes with an AK-47 Interchangeable Magazine Well and offers the ability to change Magazine Wells on your Lower Receiver to accommodate whatever caliber you want. Leaving it as a Stripped Lower allows any AR-15 Mil-Spec Stock and Fire Control Group (FCG) to make it complete. For use with the Hydra® Quick Change Barrel Upper Receiver (QCB-D), where you can change calibers by switching out barrels as well. This is a Stripped Modular Lower Receiver and only includes an AK-47 Interchangeable Magazine Well.*

# INTERCHANGEABLE MAGAZINE WELLS

## HYDRA® AR MODULAR MAGAZINE WELL

*AR mag for the HYDRA® modular lower system, This Mag well may be the most versatile of all that we offer allowing 7 plus different calibers to be fired through it simple as changing the bolt and barrel with our Hydra® System. Some of the available calibers are .22 rimfire, .223 or 5.56, 6.5 Grendel, 6.8spc, .458 Socom, and the .50 Beowolf®.*

## HYDRA® AK-47 MODULAR AKM MAGAZINE WELL

*The 7.62x39 Magwell, for use with our modular lower receiver, This magwell was designed to be used with HYDRA's modular lower receiver and HYDRA's QCB (Quick Change Barrel) upper receiver. Using the magazines designed for the specific caliber ensures trouble free feeding, something that has always been problematic in other caliber conversions. Magazines eject with 1 hand instead of 2 hands like a typical AK-47 by dropping straight down on release. This mag-well is a drop-on accessory for use with our modular lower receiver. No tools required to make the change in less than 1-minute. There is no need to change any other parts in the lower receiver allowing the operator to maintain the same trigger feel as normal.*

# **INTERCHANGEABLE MAGAZINE WELLS**

## **HYDRA® 9MM SMG-9C MODULAR MAGAZINE WELL**

*The HYDRA® 9mm SMG mag well for use in the modular weapon system uses both Colt style magazines or the traditionally modified Uzi magazines. This mag well also works with the high capacity drum or stick magazines. This mag well also works with other manufactures 9mm upper receivers as well as the QCB from HYDRA.*

## **HYDRA® 9MM SMG-H5 MODULAR MAGAZINE WELL**

*The HYDRA® 9mm SMG mag well for use in the modular weapon system uses both MP5 style magazines or the traditionally modified Uzi magazines. This mag well also works with the high capacity drum or stick magazines. This mag well also works with other manufactures 9mm upper receivers as well as the QCB from HYDRA.*

# INTERCHANGEABLE MAGAZINE WELLS

## HYDRA® AR-LC 5.56 (CALIFORNIA MAGWELL)

*California, we did not forget about you the Hydra AR-LC mag well is enclosed on the bottom. Magazine without question cannot be removed. This would require you to hinge the rifle open to top load round into the in-place holder. And is compatible with any of our rifle systems.*

# CONVERSION PACKAGES

## CONVERSION KIT FOR AR 5.56 W/ LOW PROFILE GAS BLOCK

*This Conversion Kit for 5.56 includes 16-inch 5.56 Barrel with a Low Profile Gas Block, 5.56 Bolt with Firing Pin, the Hydra® D-Fender D-Ring for increased reliability, and AR Mag Well.*

## CONVERSION KIT FOR AK-47 7.62X39 W/ LOW PROFILE GAS BLOCK

*This Conversion Kit for 7.62 x 39 includes 16-inch 7.62 x 39 Barrel with a Low Profile Gas Block, the Hydra® Enhanced 7.62 x 39 Bolt and Firing Pin (EAK), the Hydra® D-Fender D-Ring for increased reliability, and AK Mag Well.*

## CONVERSION KIT FOR .300 BLACKOUT

*This Conversion Kit for .300 Blackout includes 16-inch .300 Blackout Barrel with a Low Profile Gas Block, Bolt with Firing Pin, the Hydra® D-Fender D-Ring for increased reliability, and AR Mag Well.*

# CONVERSION PACKAGES

## CONVERSION KIT FOR 9MM SMG-9C (COLT MAGS)

*This Conversion Kit for 9mm SMG-C includes 16-inch MGI® 9mm Dedicated Blow Back Barrel, 9mm Blow Back Bolt and 9mm Mag Well.*

## CONVERSION KIT FOR 9MM H5 (MP5 MAGS)

*This Conversion Kit for 9mm H5 includes 16-inch MGI® 9mm Dedicated Blow Back Barrel, 9mm Blow Back Bolt and 9mm Mag Well.*

## CONVERSION KIT FOR .450 BUSHMASTER

*This Conversion Kit for .450 Bushmaster includes 16-inch .450 Bushmaster Barrel with Low Profile Gas Block, .450T Bolt with Firing Pin, the Hydra® D-Fender D-Ring for increased reliability, and AR Mag Well.*

# *BARREL ASSEMBLIES*

*5.56 BARREL ASSEMBLY  
W/ LOW PROFILE GAS  
BLOCK*

*7.62x39 BARREL  
ASSEMBLY W/ LOW  
PROFILE GAS BLOCK*

*.300 BLACKOUT BARREL  
ASSEMBLY W/ LOW  
PROFILE GAS BLOCK*

*9MM HYDRA® DEDICATED  
BARREL*

# ACCESSORIES

## HYDRA® D-FENDER D-RING

*Almost all extraction problems on the AR platform originate from a weak extractor spring. This has been known for years, but to date, few have come up with an effective way to fix this nagging problem. A stronger spring usually just wears out that much quicker and due to limited space under the extractor, one quickly reaches a point where stronger springs with more coils do not have the room to even compress.*

*HYDRA has the “proven” solution! The HYDRA® D-Fender “D-Ring” assists in eliminating extraction problems and increases the reliability and performance in the M16/M4/AR-15 family of weapons. This High-Tech, composite “D-Ring” increases extractor spring force by 4x and has been tested and approved by the United States Department of the Army. It is also in use with British SAS, US Navy Special Ops, the Canadian Military, and multiple law enforcement agencies nation wide. HYDRA® D-Rings have also logged over 1 Million rounds on individual D-Rings proving just how tough they really are.*

*According to the US Department of the Army, “D rings have been used on three configurations of the M16 type weapons and have always been found to aide in reliability”*

*Increase the reliability of your AR with the addition of a HYDRA® D-Ring.*

# ACCESSORIES

## **HYDRA® RATE REDUCING BUFFER W/ D-RING**

*The Hydra® Rate & Recoil Reducing Buffer for the AR-15 / M4 / M16 family of weapons is a simple, self-adjusting, drop in unit that will reduce the rate of fire in your rifle with increased reliability. The Hydra® Buffer, which is completely mechanical (not hydraulic) will decrease the rate of fire and reduce the recoil while increasing your accuracy potential. The Hydra® Buffer comes in a standard carbine length, but can also be used with the addition of the Hydra® Rifle adapter.*

*A D-Fender D-Ring also comes with the Hydra® Buffer which will virtually eliminate extraction problems. Both the D-Ring and Buffer will work in any AR platform, regardless of the manufacturer of your rifle.*

# ACCESSORIES

## HYDRA® RATE REDUCING BUFFER W/ D-RING & RIFLE STOCK ADAPTER

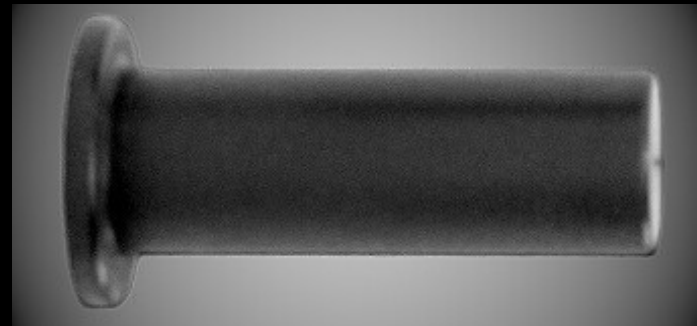

*The Hydra® Rate & Recoil Reducing Buffer for the AR-15 / M4 / M16 family of weapons is a simple, self-adjusting, drop in unit that will reduce the rate of fire in your rifle with increased reliability. The Hydra® Buffer, which is completely mechanical (not hydraulic) will decrease the rate of fire and reduce the recoil while increasing your accuracy potential. The Hydra® Buffer comes in a standard carbine length, but can also be used with the addition of the MGI® Rifle Adapter.*

*A D-Fender D-Ring also comes with the Hydra® Buffer which will virtually eliminate extraction problems. Both the D-Ring and Buffer will work in any AR platform, regardless of the manufacturer of your rifle.*

*In addition, the Hydra® Rifle Stock Adapter is included and used with the full length stock as a simple drop-in spacer!*

## HYDRA® RATE REDUCING BUFFER RIFLE ADAPTER (AR-10)

*Use your Hydra® Rate Reducing Buffer with the .308 guns (AR-10) on the market with this simple drop-in spacer.*

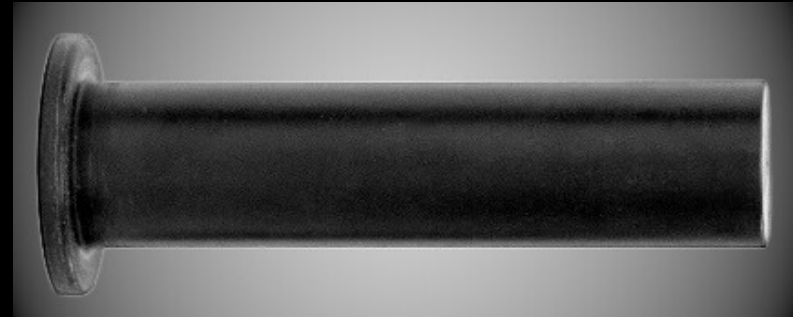

# ACCESSORIES

## **HYDRA® RATE REDUCING BUFFER RIFLE STOCK ADAPTER (5.56)**

*Use your Hydra® Rate Reducing Buffer with  
the a full length stock with this simple drop-in  
spacer!*

## **TRANSFORMING HANDGUARD KEY MOD RAILS MLOK, KEYMOD, PICATINNY**

*Here at Hydra, we are all about options!!! With  
our transforming handguard you can use  
whatever mounting system you want.  
Picatinny, key mod or Mlok you choose. Buy  
them by the individuals our in a full set. All  
hardware included.*
